Re: Letter of recommendation.

Tate & Lyle has been dealing with Owakhe Trading, as a third party logistics service provider. We are extremely pleased and satisfied with the quality of work and customer service we receive from Owakhe on an ongoing basis.

Owakhe has proven to be a great asset to our business. It is through their efforts that we have been able to drastically reduce the cost of doing business in Africa. This mainly related to the transporting of our products from our manufacturing plants in Europe to North-West Africa where we service a multiple of customers in the food industry. They provide us one-stop solutions for all services required from plant to port. Our business partnership with Owakhe has grown immeasurably and continues to grow from strength to strength.

I can without a doubt recommend Owakhe Trading as a third party logistics solutions service provider and business partner.
